

Crow-Applegate-Lorane School District

TECHNOLOGY SUPPORT SPECIALIST

Position:

The Crow-Applegate-Lorane School District is seeking a Technology Support Specialist to join our outstanding district staff. The Technology Support Specialist will provide leadership and coordination in the use of technology and the management of Crow-Applegate-Lorane School District's technology resources. The Technology Support Specialist is responsible for performing a wide variety of tasks related to the use of technology in an educational setting. Responsibilities include installing, configuring, and repairing hardware, software, and peripheral systems, as well maintaining the District's network. The Technology Support Specialist assists students and staff with the use of computers, computer related equipment, and software.

Time:

210 Contract. The Superintendent shall define the work year calendar.

QUALIFICATIONS REQUIRED:

1. Must be willing to be fingerprinted for a criminal history records check;
2. High school diploma, or equivalent;
3. Experience supporting Windows computers and knowledge of Windows Server 2012;
4. Experience supporting mobile technology (i.e., Chromebooks, iPads etc);
5. Ability to diagnose and troubleshoot a variety of computer problems;
6. Basic understanding of networking topology;
7. Ability to effectively communicate technical information to non-technical staff, including the ability to train individuals and staff members in effective software usage (needs to be determined by district Technology Department and District/school administration);
8. Ability to understand and ethically work with confidential information;
9. Exceptional written and oral communication skills;
10. Ability to effectively prioritize assigned tasks and projects;
11. Ability to communicate effectively and work cooperatively and collaboratively with teachers, support staff, administrators, students, parents, businesses, agencies, and patrons.

QUALIFICATIONS DESIRED:

1. Experience with wireless networking, knowledge of Aruba equipment preferred;
2. Experience with networks and connecting computer equipment to networks;
3. Experience using Active Directory and Windows Deployment;
4. Prior experience in an educational setting;
5. Experience supporting network printers and copiers;
6. Experience with VOIP Phone system;
7. Experience with managing web content;
8. Experience with Google Administration Console and managing a Google domain;
9. Technology Degree or Advanced Technical training.

Pay Range:

\$33,600 to \$40,000 depending on experience

Lucrative benefit package.
